

**REMARKS**

Upon review of the allowed claims, it was noted that there was a minor error in defining the affine coordinates in the claims. Applicants accordingly propose an amendment to the claims consistent with the description of the affine coordinates on Page 50, Line 3, of the Specification.

This amendment does not alter the allowability nor change the scope of the claims, but simply corrects a typographical error.

If there are any questions with regards to this proposed amendment, the undersigned attorney would appreciate a telephone conference.

I hereby certify that this correspondence is being deposited with the United States Postal Service as First Class Mail in an envelope addressed to Mail Stop ISSUE FEE, Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450 on February 14, 2004.
